#Development

Phase-1 :)__(Make an online presence quickly)

- Pages: Home, Shop, Product Details, About Us, Contact.
- Responsive for all kinds of devices.
- Smooth animation integration.
- Whatsapp/Messenger button for direct orders.
- Basic SEO setup.

Phase-2 :)__(Full features of an online shop)

- Cart and Checkout system (Bkash, Nagad, Card, COD)
- Customer accounts & order history.
- Wishlist / Collect user data.
- Admin dashboard.

Phase-3 :)__(Position as a premium brand for toy car lovers)

- High-quality 360° view / zoom-in product showcase.
- Order tracking system.
- Gift packaging option at checkout.
- Collector's corner (Limited edition items)
- Advanced SEO + marketing tools (Google shopping, automated emails..)

Tech stack: Next.js, TailwindCSS, MongoDB, NextAuth, Vercel, SSLCommerz/bkash/stripe, clouinary, Google Analytics.

We will keep things very simple at first so you don't feel pressured. We'll launch a starter site at low cost, and when your sales grow, we can upgrade step by step into a full online shop and later into a premium brand experience.
